COLORED GIRL MURDERED AT MIDWAY.

Charles Werren Kills Anna Geiger, A Teacher In The Colored Kindergarten.

GREEN JEALOUSY THE MOTIVE.

* * *

The colored population of Daytona, living in that suburb called Midway, is beginning to think that the world is about to sail for Midway, as was predicted by a little child several weeks ago. First came a disastrous fire, and on Monday afternoon a cold blooded murder. The victim was Anna Geiger, colored, who was a teacher in the kindergarten department of the Midway school, and was considered one of the better class of negroes.

Her slayer was Charles Warren, also colored, who has been employed at the Graham Thompson bicycle shop for about eight years. He was also placed with the "400" of Midway, and was considered a good negro, but it seems that he had one many hot irons in the fire after all. He is 21 years of age, and the girl was slightly younger.

Young Warren had been very attentive to the Geiger girl for some time back, but she had refused to marry him, telling him to marry another girl whom he had wronged. Since that time both parties had been keeping company with other young people, but Warren had threatened the life of Anna if she would not marry him. About three o'clock Monday afternoon Warren was riding his wheel out Second avenue, when he met Anna on the bridge between Ridgewood avenue and Railroad street. He again asked the girl to marry him, and when she refused he shot her three times, the bullets passing through the victim's head and body.

After committing the crime young Warren mounted his wheel and started towards Ormond. When going north, on Ridgewood avenue, in Kingston, at a point near the store of Mike Bernac, he came accountable reason his revolver broke locked. Compelled to leave his wheel on the ground, he took to the hammock land between Ridgewood and the railroad.

As soon as news of the tragedy reached Marshal John Myers he got into communication with the authorities at Ormond both by telegraph and telephone. One man was held there on suspicion, but later released. Chief Myers and former officer J. C. Butler of Daytona Beach, pretty accurately located their man and a posse of men made up of R. L. Smith, Justice H. T. Titus, Marshal Dad Taylor, colored, of Midway, and about forty other men and boys, white and colored, started on the man hunt, spreading around the place the men were together in a wedge. When almost in the middle of a small clearing Marshal Taylor found Warren peacefully stretched out on the ground with two full loads of shells by his side. His weapon, which was a 38 Smith & Wesson, was loaded, but Warren made no attempt at resistance, saying that he had intended giving himself up anyway. Warren is said to have always carried a gun. The prisoner was brought back to

E. W. GREENE MAY BE THE MAYOR.

Sentiment Somewhat Divided On The Commission Plan Of City Government.

NO PYROTECHNICAL DISPLAY.

* * *

The "fireworks" were touched off with a whoop and hurrah last week at the citizens' meeting at the City Hall, and anticipating a repetition on a larger scale last night, there were three times as many gathered at the Armory to witness the fun. They were doomed to disappointment; the proceeding went off with less snap than a flinch party at an Old Ladies' Home.

Dr. G. A. Klock called the meeting to order about 8 o'clock, and stated the object of the meeting. S. H. Gove arose and made a short address, advocating the Commission plan of government. He said the plan now in vogue had been tried, and was a flat failure; he said it is impossible to get the best intelligence and the best service without paying for it. He said the town ought not to ask a few service, and he thought they would be willing to pay.

E. W. Greene spoke next. He thought the Commission plan premature; denied that system in vogue is a failure; said that the present system is as old as Florida, but admitted that it is not without its faults.

The old war horse of Volusia county, Wm. Jackson, was next on his feet, but he, too, was in conservative frame of mind, had no oratory of scathing invectives to hand out. He took issue with Mr. Greene. He inclined toward the Commission plan, at least thought that if 60% of the citizens want to try it they should be given the opportunity. J. G. Brown favored a plan similar to the proposed Commission plan. Jackson replied to Brown, and cited Pensacola under Chipley's wise management, showing what a transformation from debt and debt's to solvency and system.

Messrs. E. W. Greene, D. F. Randolph and F. W. Pope were placed in nomination for Mayor, and upon motion of W. H. Gardiner they briefly stated their platforms.

The Chair appointed Dr. J. E. Hawkins, E. L. Goss and S. H. Gove tellers and the vote was taken in the Mayoralty race which resulted as follows:

Greene, 40.
Randolph, 23.
Pope, 18.

At this juncture Justice Titus and E. L. Goss passed the hat around for funds to pay for the use of the building for the occasion.

Nominations being in order for councilmen the following were presented: Dr. G. A. Klock, R. L. Smith, S. Heyman, E. J. Mills, S. H. Gove, Lee Smith, E. T. Conrad, E. Dillingham.

The vote stood:

E. J. Mills	53.
G. A. Klock	51.
S. H. Gove	49
E. T. Conrad	38.
Lee Smith	36.
E. Dillingham	33.

The hunting and fishing party aboard the cruising yacht Ernestine, which went down the river Tuesday of last week returned Saturday, having had a most successful and pleasant outing without a single mishap to mar the enjoyment of the trip.

The boat was officered by the same force of the party as follows:

Colonel Stubenbold, Sr., was commander; Admiral Lundy, aduiral; C. E. Holman, rear-admiral; Conrad Stubenbold, Jr., steward; James Stubenbold, chief engineer.

They had Mr. Stubenbold's two gramophones with them and record of eighty concerts, and while at the Seven Smyrna bridge one night quite a crowd collected to enjoy the music.

They went prettty well down the St. Johns, but most of the hunting was done in the vicinity of Eldora. They bagged 130 ducks and between 400 and 500 snipe, but owing to the warm weather could not keep them until their return, so gave them to parties along the way.

At Turtle Mound they went in bathing, the water being quite comfortable, and here also they found ducks in abundance, and gathered more than a hundred of them. They also caught a large quantity of fine fish, and with these and the game secured in addition to the choice of good fattes found and drank toasted with them, the cruise was a most stand round of feasts, and for steward the hardest worked member of the crew.

Representative Rainey, of Illinois, In The National House Gives Cromwell Castigation.

CANAL GRAFT IS CHARGED.

* * *

(By United Press)

WASHINGTON, Jan. 26.—Branding William Nelson Cromwell as a boodler and desperado, Representative Henry L. Rainey, democrat, of Illinois, gave to the House today a sensational resume of the Panama Canal scandals. He charged Cromwell and certain associates with trying to steal and monopolize to their own use the properties of the Panama Republic.

Seldom has the House listened to such excoriation of any individual as a piece of meat. Rainey dragged in names at every step, including President-elect Taft.

He professed to prove the existence of the most stupendous graft combination known in the history of the civilized world. He said that Cromwell was a party to an attempt to collect from the United States a fraudulent claim for $2,200,000, and was the chief manipulator in the machinations which brought about the Panama revolution of November 19, and one of a combination which intended to indirectly rob the treasury of the United States.

Bids came from cities North, East, South and West. Unit bids are invited; for instance bids have been put in for the hydrants alone, for piping, tower, foundation, buildings, tank, hauling, etc.

The committee is in session this afternoon and will continue the sittings from day to day till all bids are carefully considered.

Seldom has the House listened to such excoriation of any individual or group of men. Rainy dragged in names at every step, including President-elect Taft.

He professed to prove the existence of the most stupendous graft combination known in the history of the civilized world. He said that Cromwell was a party to an attempt to collect from the United States a fraudulent claim for $2,200,000, and was the chief manipulator in the machinations which brought about the Panama revolution of November 19, and one of a combination which intended to indirectly rob the treasury of the United States.

FOLLOWS WIFE TO GRAVE.

(By United Press.)

NEW YORK, Jan. 26.—Eugene Lynch, of Boston, whose wife was killed in the collision between the steamers Republic and Florida on Saturday last, died this morning from injuries received in the crash.

Derelict destroyers sent with Capt. John Seilby, the mate and 40 of the crew arrived early today.

The badly damaged Florida is being speedily repaired. Dozens of workmen are trying to clear the debris from the bow to get the bodies of the two dead buried there.

Horse Had to be Killed.

One of Lyman's delivery horses took fright today noon at a passing freight and ran away, breaking its leg in trying to cross a cattle guard. The horse had to be killed. Some damage to wagon was sustained, but no one was hurt.

VOLUMINOUS BIDS ON WATER WORKS.

Bond Issue Committee Deluged With Unit Bids Covering Every Essential.

PROSPECT FOR SPLENDID SYSTEM

The opening of the bids for the installation of the waterworks yesterday afternoon disclosed the gratifying fact that there were about eighty bidders, all told with probably twenty-five to thirty representatives present.

Bids came from cities North, East, South and West. Unit bids are invited; for instance bids have been put in for the hydrants alone, for piping, tower, foundation, buildings, tank, hauling, etc.

The committee is in session this afternoon and will continue its sittings from day to day till all bids are carefully considered.

There are wheelbarrow loads of big formal-looking documents with diagrams and figures to burn—if a fire should break out before the system is installed.

DEMONSTRATION AT LYMAN'S

Miss Sadie Luch, of New York, arrived this morning and will hold a demonstration of the National Biscuit Company's products at L. G. Lyman's store today and tomorrow, to which all are cordially invited. Miss Luch was to have been at the Lyman Grocery Store yesterday, but was unavoidably delayed in Jacksonville.

THREATENED TO MURDER.

Richard Conner was arrested in Midway last night by the colored marshal, Gad Taylor, on complaint of a woman named Nancy Johnson, whom he had threatened to kill.

He was before Justice H. T. Titus this afternoon and was bound over to the Criminal Court in the sum of $500 on the charge of assault with intent to kill. The man has a wife and family in Jacksonville.

Good room and board reasonable. The Willmer, 312 S. Palmetto. t-t-f

FRED W. CARPENTER, WHO WILL SUCCEED LOEB.

Aside from being a lawyer, an expert strenographer, a globe trotter and the hardest kind of worker, Fred W. Carpenter, Mr. Taft's private secretary, knows nearly every man connected with public life in America. He was secretary to Mr. Taft in the Philippines, went around the world with him and was at his elbow every day that he served as secretary of war. It is freely predicted that he will make as efficient a secretary in the White House as did Dan Lamont, who made the position famous.

R. C. Mansfield is having his cottage, Kentucky, improved by the addition of an octagon front porch and up-stairs balcony. D. F. Fogany and W. H. Freeman are doing the work. Mr. Mansfield's 7 ol has some of the finest grapefruit and orange trees on the peninsula and the abundant yield of fruit has not yet been lessened by the ravages of the white fly.

C. P. Lund and Mr. C. A. Osborn had the contract to inspect sidewalk laying on Valley street, in the town of Seabreeze. C. L. Horn has the contract and the work is now under way. Belo e another season opens Seabreeze and Daytona Beach will play Daytona a creditable second on ice base ball at sidewalk laying of towns of her size in the State.

Doings at Daytona Beach

DAYTONA BEACH, Jan. 25—Peninsula property is in steady demand this winter and almost every day there are one or two sales made. Tourists leave home, and many of them drift to the point almost accidentally. They had no thought of investing in property away from their northern home perhaps, when they left, but the wonderful charms of our climate, the delightful out of door, all-the-year-round life per all is here, and the indisputable evidences of an advance in property values and increase in population, by lodging upon them, and they are in the real estate market, and bidding for the best their money can buy almost before they know it. And once property owners, love and loyalty to their southern homes stands share and share alike with that of their homes in the north, and they are welcome additions to our community.

Mrs. M. E. Phillips, of Middleburg, Va., who is spending the winter here, has purchased a lot south of the M. E. Church, on Peninsula Drive, belonging to Miss Waring, of Kansas. C. A. Kenney made the sale.

Mr. and Mrs. Shelburn, New Hampshire people, are pleasantly located in one of the apartments in the Phillips apartment house on Valley street. A one hundred foot sidewalk has been completed in front of this property, which puts it in line with other properties on Valley street from Dora street to the Stillman and Each properties on the South.

The following prominent party from Cleveland, Ohio, arrived at the Seaside Inn Sunday: Mr. and Mrs. W. W. Bullwell, their two sons, Dave and Howe, and Mrs. LaBeer, also Mr. and Mrs. Chas. Webster, of Northfield, Mass.

Among the Sunday arrivals at the White House the following are noted: Mr. and Mrs. Ellis Phillips, Phila.; A. A. Doerr and family, Laredo, Texas; J. B. McCann and mother, Mrs. C. R. McCann, Enid Lustig and wife, Buffalo.

L. A. Hunt, Saginaw, Mich.; T. H. Hoge, Omaha, Neb.; H. B. Horton, Chicago, were the Sunday arrivals at the Daytona Beach House.

Quarterly Conference was held at the M. E. church last night, following Communion service Sunday morning.

An earnest young preacher in a revivals country village concluded a long and comprehensive supplication by saying, "And now let us pray for those who are dwelling in the uninhabited portions of the earth."

Willing He Should Know.

A certain boastful man asserts that he knows how to play on two cornets at once, and the neighbors say that they do not object to his knowing how, but that he had better not try to do it.

The man who is always trying to find out what people say of him is seldom happy.—Chicago Record-Herald.

SEABREEZE, Jan. 26.—Mr. and Mrs. W. S. Olds and daughter, Miss E. Olds, of Lansing, Mich., arrived Friday night and will spend two months with Mr. Olds' mother, on Valley street. Mrs Sheets, of Grand Ledge, Mich., Mrs. P. Old's daughter and friend, Mrs. L. A. Baker, of Lansing, arrived in the same party, and expect to take a cottage for light housekeeping.

R. C. Mansfield is having his cottage, Kentucky, improved by the addition of an octagon front porch and up-stairs balcony. D. F. Fuquay and W. H. Freeman are doing the work. Mr. Mansfield's yard has some of the finest grapefruit and orange trees on the peninsula and the abundant yield of fruit has not yet been lessened by the ravages of the white fly.

C. P. Lund and Mrs. C. A. Coburn lead the procession in cement sidewalk laying on Valley street, in the town of Seabreeze. C. L. Horn has the contract and the work is now under way. Before another season opens Seabreeze and Daytona Beach will play Daytona a creditable second on her lone hand at sidewalk laying of towns of her size in the State.

The concert given at Wilman's opera house by the Daytona brass band Sunday afternoon was enjoyed by the citizens of Seabreeze and Daytona Beach generally. They promise hereafter regular Sunday afternoon concerts from 3 to 4 p. m.

H. W. Sauner of Morristown, O., has purchased the unimproved half of H. G. Wilson's resident lot on Valley street. E. Weldon made the deal.

A party of ten started last night on a bear hunt. They go to Green island, and promise a big itera on their return.

Mrs. Taylor and her niece, Miss Grace Thorn, arrived from Washington, D. C., Sunday and will spend the winter at the home of Mr. and Mrs. S. B. Abercrombie.

The Clarendon orchestra rendered a splendid program Sunday evening. It was much enjoyed by a number of cottagers as well as numerous hotel guests.

Mr. and Mrs. R. C. Waterson went to the train last night to meet their friends. Mr. and Mrs. J. C. Ellis, of Hiram, O.

PUZZLING.

Mrs. Gaswell—Who is that man who looked at you as if he knew you? Mrs. Highsome—He is a man who has done some professional work for me once or twice. He's a chiropodist. Mrs. Gaswell—Chiropodist? Oh, yes; I've heard of them. They don't believe in foreordination, do they?—Chicago Tribune.

To What Base Uses, Etc.

One of our State street brokers received a note from a customer bearing the cryptic message, "Richard III., act 1, line 138." Turning to the passage he read, "Now, by St. Paul!" and next moment he had given the order.—Boston Transcript.

Doings at Daytona Beach

DAYTONA BEACH, Jan. 26—Peninsula property is in steady demand this winter and almost every day there are one or two sales made. Tourists leave home, and many of them drift to this point almost accidentally. They had no thought of investing in property away from their northern home perhaps, when they left, but the wonderful charms of our climate, the delightful out of door, all-the-year-round life possible here, and the indisputable evidence of an advance in property values and increase in population, lay hold upon them, and they are in the real estate market, and bidding for the best their money can buy almost before they know it. And once property owners, love and loyalty to their southern homes stands share and share alike with that of their homes in the north, and they are welcome additions to our community.

Mrs. M. E. Phillips, of Middleburg, Vt., who is spending the winter here, has purchased a lot south of the M. E. Church, on Peninsula Drive, belonging to Miss Waring, of Kansas. C. A. Kenney made the sale.

Mr. and Mrs. Sanborn, New Hampshire people, are pleasantly located in one of the apartments in the Phillips apartment house on Valley street. A one hundred foot sidewalk has been completed in front of this property, which puts it in line with other properties on Valley street from Duke street to the Stillman and Esch properties on the South.

The following prominent party from Cleveland, Ohio, arrived at the Seaside Inn Sunday: Mr. and Mrs. W. W. Balkwell, their two sons, Dave and Howe, and Mrs. LaReer, also Mr. and Mrs Chas. Webster, of Northfield, Mass.

Among the Sunday arrivals at the White House the following are noted: Mr. and Mrs. Davis, Philadelphia; A. A Doerr and family, Laredo, Texas; J. R. McCann and mother, Mrs. C. R. McCann, Emil Lustig and wife, Buffalo.

L. A. Hunt, Saginaw, Mich.; T. H. Hope, Omaha, Neb.; H. B. Horton, Chicago, were the Sunday arrivals at the Daytona Beach Hotel.

Quarterly Conference was held at the M. E. church last night, following Communion service Sunday morning.

An earnest young preacher in a remote country village concluded a long and comprehensive supplication by saying, "And now let us pray for those who are dwelling in the uninhabited portions of the earth."

Willing He Should Know.

A certain boastful man asserts that he knows how to play on two cornets at once, and the neighbors say that they do not object to his knowing how, but that he had better not try to do it.

The man who is always trying to find out what people say of him is seldom happy.—Chicago Record-Herald.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white-headed pelican perch a fat mullet, and that fish hawk zig-zagging upward with his floundering load be snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid and liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with cliff dwellings, but as you move along and cast an eye first to the right and then to the left you are distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could, and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run up out in the trees; see the cryptogamous loam which gain a foothold on the great oaks and the stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty at Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they have given free rein to their individual plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

It is not only the exterior of many of these homes that rivets attention, which in they are models of convenience, and the finish and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed it is the interior arrangement and the artistic furnishing and shading, more than the exterior appearance that give a surpassing charm to Daytona homes. This feature justly merits prominence as wonder number four.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of package. The city park becomes a great park, with driveways interesting miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eye callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the nut, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. You are reminded of Goldsmith's couplet where

Smiling spring its earliest visit paid
And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate, another household have a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm in none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish.

The Fastest Autos And The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or from Timbuktoo and you will be "shown." Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horsepower up to a 200-horsepower, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

A Mild Winter.

As a testimonial of the mild weather prevailing here up to the present time this winter, H. C. Quattlebaum, of Holly Hill, is eating plums and pickles from trees in his home lot, that have grown to full maturity and ripened during the past few months. The plum is a medium-sized purple fruit, and the pinch is of the heavy variety. Mrs. Bothell, Jr., of the same place, has open orange blossoms, and there are reports of orange trees in bloom at various other places in and about Daytona. Water melons are also on exhibition at several places in the city, and the most tender vegetation shows no sign of frost, in fact, we are enjoying a real Florida winter.

Mr. Glass and daughters, who went to Palm Beach for a short stay, will return to the Inn for the balance of the season.

The Age of Man.

It is generally admitted by scientists that man lived on the earth contemporaneously with the big mined chinese ware, which became extinct about the beginning of the glacial period. That period, so high an authority as the late John Fiske ascribes us, probably began not less than 240,000 years ago and came to an end 80,000 years ago. How long man existed on the earth prior to the glacial period we have no means of knowing.—New York American.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy veranda's looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican perch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see th climbing vines runn ng riot in the trees; see the cryptogamons forms which gain a foothold on the great oaks and the stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

It is not only the exterior of many of these homes that rivets attention; within they are models of convenience, and the finish and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed it is the interior arrangement and the artistic furnishing and shading, more than the exterior appearance that give a surpassing charm to Daytona homes. This feature justly merits prominence as wonder number four.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or eve callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. You are reminded of Goldsmith's couplet where

Smiling spring its earliest visit paid
And summer's lingering blossoms are delayed.

In one yard roses of variagated hues predominate, another household have a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish.

The Fastest Autos And The Finest Out.

The seventh world wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or from Timbuktoo and you will be "shown." Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene.

Everything goes, from a 2-horsepower up to a 200-horsepower, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

A Mild Winter.

As a testimonial of the mild weather prevailing here up to the present time this winter, H. C. Quattlebaum, of Holly Hill, is eating plums and peaches from trees in his house lot, that have grown to full maturity and ripened during the past few months. The plum is a medium-sized purple fruit, and the peach is of the honey variety. Wm. Wetherell, Jr., of the same place, has open orange blossoms, and there are reports of orange trees in bloom at various other places in and about Daytona. Water melons are also on exhibition at several places in the city, and the most tender vegetation shows no sign of frost, in fact, we are enjoying a real Florida winter.

Mr. Glass and daughters, who went to Palm Beach for a short stay, will return to the Inn for the balance of the season.

The Age of Man.

It is generally admitted by scientists that men lived on the earth contemporaneously with the big nosed rhinoceros, which became extinct about the beginning of the glacial period. That period, so high an authority as the late John Fiske assures us, probably began not less than 240,000 years ago and came to an end 80,000 years ago. How long man existed on the earth prior to the glacial period we have no means of knowing.—New York American.

Justice of the Peace H. T. Warren will be given a preliminary before Justice Titus tomorrow morning and bound over on the charge of murder in the first degree to await trial before the Circuit Court, evidently.

Will Play Ball.

The Daytona baseball team is planning to go to DeLand next Friday to play the Stetson University team. Manager W. G. Nash has been making a strong effort to get the boys together and think he has succeeded and the game will be pulled off.

Friday of next week the Stetson team will play the Ormond Hotel team on the hotel grounds, and on the following Friday, if all goes well, they will probably play here with the Daytona club.

Her Darling's Desire.

"My darling," said a fond mother, who believed in appealing to children's tender feelings instead of punishing them, "if you are so naughty you will grieve mamma so that she will get ill and have to lie in bed in a dark room and take nasty medicine, and then she may die and have to be taken away out to the cemetery and be buried, and you—"

The child had become more solemn, but an angelic smile overspread his face at his mother's last words, and throwing his arms about her neck, he exclaimed:

"Oh, mamma, and may I sit beside the coachman?"—London Queen.

the city in the R. L. Smith machine and put in the city prison.

Justice of the Peace H. T. Titus, ex-officio coroner, impanelled a jury of six in a hurry, and after a thorough examination of the dead body made its finding, which was that the girl, Anna Geiger, had met her death by revolver shots at the hands of Charles Warren, as the evidence seemed to make plain.

Warren will be given a preliminary before Justice Titus tomorrow morning and bound over on the charge of murder in the first degree to await trial before the Circuit Court, evidently.

Will Play Ball.

The Daytona baseball team is planning to go to DeLand next Friday to play the Stetson University team. Manager W. G. Nash has been making a strong effort to get the boys together and thinks he has succeeded and the game will be pulled off.

Friday of next week the Stetson team will play the Ormond Hotel team on the hotel grounds, and on the following Friday, if all goes well, they will probably play here with the Daytona club.

Her Darling's Desire.

"My darling," said a fond mother, who believed in appealing to children's tender feelings instead of punishing them, "if you are so naughty you will grieve mamma so that she will get ill and have to lie in bed in a dark room and take nasty medicine, and then she may die and have to be taken away out to the cemetery and be buried, and you"—

The child had become more solemn, but an angelic smile overspread his face at his mother's last words, and, throwing his arms about her neck, he exclaimed:

"Oh, mamma, and may I sit beside the coachman?"—London Queen.

Dr. J. M. Wallace was in the city from Ormond Monday. In discussing the present mild winter with a reporter of the Daily News the Doctor said it reminded him of the winters as they were when he first came to Florida, over 30 years ago. Severe cold weather was then but little known, and one time, he says, there were five consecutive winters without a killing frost.
